**EXECUTIVE CHAMBER**  
ALBANY 12224

**KATHY HOCHUL**  
GOVERNOR

May 15, 2023

Members of the Intelligent Transportation Society of New York:

It is my pleasure to send greetings and congratulations to the members of the Intelligent Transportation Society of New York (ITS-NY) as you celebrate your 30th Annual Meeting and Technology Exhibition in Saratoga Springs.

In the ever-changing world of computer systems, ITS-NY has developed products that address congestion, created efficiencies in public transit, and provided the traveling public with important up-to-the-minute travel information. From computerized traffic signal systems that coordinate multiple intersections along a corridor, to posting real-time traffic information on dynamic message boards, to collecting tolls electronically, Intelligent Transportation Systems have become increasingly prevalent in our daily commuting lives.

Your efforts to advance ITS to maximize traveler benefits for the people of New York State do not go unnoticed. As you continue to find innovative new ways to use emerging technologies, New York State will be there to work with you and support you.

Congratulations on 30 successful years of fostering technology in transportation, and best wishes for a successful event.

Sincerely,

  
Kathy Hochul  
Governor
