Kinjal Munshi

Kinjal is a Program Manager at Parsons Transportation Group, based in New Jersey. With over 15 years of experience, Kinjal has capably managed Intelligent Transportation Systems (ITS) and Tolling implementation projects across North America and Europe. His notable projects include the Goethals Bridge Replacement Project, Bayonne Bridge SCADA implementation, MTA B&T Over-height Vehicle Detection project (QMT and HCT), and several Regional Advanced Transportation Management System (ATMS) implementations, such as the NITTEC All Roads implementation and the NJDOT ATMS. With a focus on data-driven decision making, Kinjal is a dedicated Program Manager adept at identifying critical project metrics and implementing effective strategies to drive project success. His key skills include project planning, stakeholder management, risk mitigation and continuous improvement.1990.
