MTA BRIDGES & TUNNELS

Krishnaveni Venkataswami, P.E.

Krishna Venkataswami serves as the Assistant Vice President for ITS at MTA Bridges and Tunnels, where she leads all ITS and Operations System projects. The MTA B&T operates seven bridges and two tunnels that move over nine hundred thousand vehicles daily and generate more than \$2 billion in annual revenue. As the CEO of the TSMO/ITS capital program, she oversees a 5-year budget exceeding \$40 million. Her 30+year professional journey includes a 14-year stint at JHK Associates/TransCore, where she provided consulting services for major transportation agencies in the mid-Atlantic region.

Krishna's outstanding contributions have been recognized with multiple awards from ITS New York for Outstanding Projects and the 2019 ACEC NY Engineering Excellence Gold Award for Operation Command and Command Control Systems. She is a licensed professional engineer with Bachelor's degree in Civil Engineering from the University of Madras and a Master's degree in Civil Engineering from NJIT.
