

# BOARD MEMBER

**MICHAEL BAKER  
INTERNATIONAL**

## **David Liebgold, P.E., P.P., IMSA 2**

David Liebgold is a Professional Engineer and Planner; and is a Vice President of Michael Baker International and Office Executive for their New York Metro offices in New York City, Albany NY, and Newark NJ. He also serves as National Practice Lead for the Traffic and ITS, where he coordinates discipline initiatives and maximizes opportunities across the company's offices and Regions.

David has more than 27 years of industry experience managing complex transportation projects, with expertise in traffic engineering and operations, ITS, security design, advanced systems communications, construction management, and transportation planning. Since joining Michael Baker in 2015, he has played an integral role in numerous projects in the region for NYSDOT, NYCDOT, NYCDOT, NYCDEP, PANYNJ, NJDOT, and other clients.

David is actively involved in industry organizations, including being a Board Member for ITS-NY and Board Secretary for ITS-NJ; in addition to membership in the Intelligent Transportation Society of America (ITSA), Institute of Transportation Engineers (ITE), American Society of Civil Engineers, and American Council of Engineering Companies (ACEC).
